General Syllabus

HISP 4573 Conservation of Heritage Resources

Credit Hours: 3

Lecture Hours: 3

Prerequisite: HIST 4503 Introduction to Public History

Effective Catalog: 2019-2020

I. Course Information

A. Catalog Description

Conservation and utilization of historical and heritage sites.

B. Additional Information

Students may be required to visit interpretive sites.

II. Student Learning Outcomes

A. Subject Matter

Upon successful completion of this course, the student will be able to:

1. Apply pertinent frameworks in understanding conservation and the use of historical and heritage sites.
2. Examine heritage resources and historic registers.
3. Appraise agreements for landowners and historical artifacts.

B. University Learning Outcomes

This course enhances student abilities in the following areas:

Communication Skills (written and oral)

Students will apply frameworks in oral and written formats on relevant topics. Oral presentations are designed for general audiences of different ages.

Analytical Skills

Students will synthesize materials from various course units to complete research projects.

III. Major Course Topics

- A. Defining Heritage Resources
- B. State Historic Preservation Office
- C. Reconstruction and repair strategies
- D. Historic registers
- E. Archeological Impact Study
- F. Memorandums of understanding
