

Fall 2026 Final Exam Schedule

Final exams are required to be given during the designated exam week. Any exceptions to the published final exam times contained here must be approved by the provost. Finals in online classes can be up to two hours in length and are set within the allowed testing windows as noted below. Synchronous online classes will have online finals.

Students with time conflicts for exams OR three or more final examinations on the same day are entitled to arrange an alternative examination time for the last exam or exams scheduled on that day. Students will be required to provide evidence of these situations to qualify for this exception. Once approved, the make-up examination will be administered at a mutually acceptable time and location. If there is a conflict on the exam schedule, the course meeting later in the week will arrange an alternate time. Such arrangements must be made by the end of the 12th week of the semester (last day to drop a full-semester course) and must be approved by the instructor and department head/program director of the affected course.

Sat.-Sun. only classes, final exams are at first class time and last two hours.			
All exam times are based on the FIRST meeting of class in the week.
