

# Final Exam Schedule

Spring 2026

**Exam Week: May 11-15, 2026**

Final exam dates and times are based on the first day a class meets each week. Use the tables below to locate your exam.

## How to Use This Schedule

Final exam times are based on the first scheduled day your class meets each week. If a class meeting was canceled, still use the original schedule.

If your class does not match a listed time, check your syllabus or contact your instructor.

## Final Exam Schedule – 2026

### Official Final Exam Policies

Final exams are required to be given during the designated exam week. Any exceptions to the published final exam times contained here must be approved by the provost. Online classes' finals are set within the announced testing windows by the faculty member teaching the class. Synchronous online classes will have online finals.

Students with time conflicts for exams OR three or more final examinations on the same day are entitled to arrange an alternative examination time for the last exam or exams scheduled on that day. Students will be required to provide evidence of these situations to qualify for this exception.

Once approved, the make-up examination will be administered at a mutually acceptable time and location. If there is a conflict on the exam schedule, the course meeting later in the week will arrange an alternate time. Such arrangements must be made by the end of the 12<sup>th</sup> week of the semester (last day to drop a full-semester course) and must be approved by the instructor and department head/program director of the affected course.
