NOTES			
1. General Education Core Requirements, see Graduation Requirements section of the UAFS Undergraduate Academic Catalog. Follow requirements in this degree plan with the following stipulations: Mathematics: College Algebra or mathematics with College Algebra as a prerequisite; Science - must take Anatomy and Physiology I and II.			
2. These courses are used to determine major GPA, see Graduation Requirements section of the UAFS Undergraduate Academic Catalog. Students must meet admission requirements and be officially admitted into the BSIS-DMS program. Please contact College of Health Sciences advising coordinator (479) 788-7841 for admission requirements and the application process for the College of Health Sciences.			
3. Students must be admitted into the imaging sciences program.			
4. Credit for coursework in other imaging sciences will be held in escrow. The student will receive credit for these courses upon successful completion of the program.			
5. Science courses taken more than five years prior to program application may not be eligible. See advisor for more information and to request a science course evaluation.			
Note: Prior to graduation students must demonstrate competency in financial literacy by satisfactory completion of FINN 15201 Personal Finance Applications (or an approved substitution) with a grade of C or better, or by a score of 70% or more on a challenge exam for FINN 15201.			

ACTS Transfer Course Information

The Arkansas Course Transfer System (ACTS) contains information about the transferability of courses within Arkansas public colleges and universities. Students are guaranteed the transfer of applicable credits and the equitable treatment of the application of credits for the admissions and degree requirements. Course transferability is not guaranteed for courses listed in ACTS as “No Comparable Courses.” See ACTS – Arkansas Course Transfer System acts.adhe.edu/studenttransfer.aspx for specific course information. See Acceptance of Transfer Credits section of the UAFS Undergraduate Academic Catalog for a complete list of transfer provisions.

Student Degree Program Requirements

A student’s degree program requirements are those specified in the catalog in effect at the time of declaration of program major. Students must meet the above program requirements and the graduation requirements as indicated by institutional and college policy. The program can be changed only with the approval of the official advisor. If original courses are eliminated, students may be required to meet new curriculum requirements in the degree program. If students are not enrolled for two or more consecutive terms (excluding summer terms), they must reenter under the program requirements of the current catalog. Students are responsible for understanding program requirements and changes. This document is not official until signed and dated by both the student and an authorized university representative.
