2017/18 Summer II/Fall semester interim report - Career Outcome rates

Each semester, University of Arkansas - Fort Smith Career Services department tracks career outcomes rate for graduates in their First Destination survey. The table below summarizes the Primary Status data.

Timing - For capture purposes we include summer II (August graduates) into the data for the interim Fall report. Spring and Summer I (May and June) graduates are reported in the final academic year report, usually completed around December/January.

Career Outcomes rate is the percentage of graduates (Associates/Bachelors/Masters) who fall into the following categories minus those still seeking employment (SE), in the 6 months after graduation. The definition excludes those with no known data (NO =93) or not seeking employment (NS = 14):

- Employed full time (FT) > 30 hours week
- Employed part time (PT) < less the 30 hours per week
- Enrolled in a program of continuing education (CE)
- Serving in the U.S. Armed forces (Mil)
- Participating in a program of voluntary service (VU)

Spring 2017 - Survey data

Part of the data collection process includes a paper and online survey. The paper survey is administered to students as they collect their diplomas at the Records Office. The online survey is sent to non-UAFS email addresses collected at Gradfest (conducted by the UAFS Alumni Office each semester). While not all students completed the survey the data is shown below for additional questions we ask.
