Introduction

On November 8, 1990, President Bush signed the “Student Right to Know and Campus Security Act of 1990.” The Act applies to every institution of higher education that receives federal financial aid. Title II of the Act was called the “Campus Crime Awareness and Campus Security Act of 1990.” It requires institutions of higher education to distribute to all current students and employees, and applicants for enrollment or employment, two types of information: (1) Descriptions of policies related to campus security, and (2) Statistics concerning specific types of crimes. Amendments enacted in 1998 renamed Title II, and it is now known as the “Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act.” The amendments require the disclosure of crimes that are reported to police and campus officials other than police, along with a breakdown of locations of criminal activity to be specified as on-campus, non-campus, residence hall or public property.

University of Arkansas - Fort Smith Police Department Law Enforcement Authority

Arkansas State Statute 25-17-304 confers upon the Chancellor of a state institution of higher education the right to create a University agency with the same powers as any municipal, county, or state police agency in Arkansas. The UA Fort Smith Police Department is made up of sworn, state-certified law enforcement officers. The UA Fort Smith Police Department continually works with municipal, county, state, and federal law enforcement agencies within the state of Arkansas, and occasionally with others outside the state as well. The UA Fort Smith Police Department is a prevention/service-oriented agency. Service to the campus community is top priority.

The University is located in the City of Fort Smith, Arkansas, and Fort Smith Police Department Police Officers travel around and through the campus each day. In addition, Fort Smith Police Department Police Officers may assist officers from the University of Arkansas –Fort Smith Police Department when their assistance is requested. During their travels on campus and during those times when their assistance is requested, Fort Smith Police Department Police Officers have full authority to make arrests for violations of law.

Mutual Relations with Other Law Enforcement Agencies

The UAFS Police Department enjoys an excellent working relationship with the City of Fort Smith Police Department, the Sebastian County Sheriff Department, and the Arkansas State Police. Personnel and resources are provided by these law enforcement agencies whenever an incident occurs that exceeds the capabilities of the UAFS Police Department.

Reporting Crime and Other Emergencies on Campus

The UA Fort Smith Police Department can be contacted by telephone, emergency and information phones, in person and by email. By telephone, University Police may be reached by dialing 479-788-7140. Outside on university grounds, one may use the emergency phones located on the east side of the Fitness Center and on Grand Field near the pedestrian tunnel. Elevators in campus buildings also contain emergency phones which also provide a direct connection to the University Police Department. University Police officers in vehicles, on foot, or on bicycles are eager to be of assistance and may be contacted directly. Emails may be sent directly to the University Police Department at upd@uafortsmith.edu. University

Police officers are in radio contact with the Fort Smith Police Department. For emergencies involving the need of immediate ambulance, fire department or armed law enforcement response, one should dial 911 immediately and then notify University Police as described above. The University Police Department will respond as quickly as possible to any request for assistance. Response time is based on current activity and the severity of the call. Crimes in progress, traffic accidents and medical assists have a higher priority than other types of calls. The crime also could be reported to one of the following: Student Affairs Office, director of counseling, or to a faculty or staff member who the student is comfortable talking to about the crime. Members of the community are reminded it is important to report incidents promptly so an investigation can be conducted promptly and evidence preserved.

It cannot be stated enough how important it is to promptly and accurately report crime, no matter where it occurs. If a crime is not promptly reported, evidence can be lost and/or a suspect could get away. If a crime is not accurately reported, leads could be missed and an investigation could head the wrong direction. If one witnesses a crime or emergency, it must be promptly reported to the University Police Department and questions should be answered as accurately as possible. The investigation can only be as good as the information received.

If one sees or receives knowledge of criminal activity or other emergencies, or if one is the victim of such, please contact the University Police Department or any campus official.

All victims are encouraged to report crimes and emergencies to the UAFS Police Department. UAFS police officers are primary responders to any emergency or criminal situation on campus. Direct radio and telephone communications with local police, fire, and emergency medical services ensures that police officers can initiate and direct necessary emergency responders to any campus area. In an emergency situation, dialing 911 from any UAFS campus telephone will contact the Fort Smith Police Department Communications Center. A trained dispatcher will direct the appropriate response to emergency situations.

How to report a crime

Call the UAFS Police Department at 479-788-7140 (or simply 7140 from a campus phone). Stay on the line so all necessary information can be obtained. An officer will be dispatched quickly. Or, visit the office located at 425 N 51st Annex. The UAFS Police Department is open 24 hours every day. To report an emergency to the Fort Smith Police Department, call 911 from any pay phone or off-campus phone. One should report any criminal activity or incidents to Fort Smith Police Department or to University Police.

Stay Informed

The UAFS Police Department uses a variety of methods to keep the campus informed about incidents occurring on and near campus. Members of the campus community can stay informed about criminal incidents at UAFS by reading Daily Crime Logs or Crime Alerts. Crime Alerts are distributed to members of the campus community as part of an ongoing effort to keep the community informed and to raise awareness of significant unsolved crimes that occur at or near the campus. Alerts are distributed by campus mail and postings on public bulletin boards. The UAFS Police Department maintains a Daily Crime and Fire Log in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. The crime and fire log are available in two formats. Persons may view a copy at our headquarters located at 425 N. 51st Annex during normal business hours.

Note: Any incidents that may have been reported only to pastoral and professional counselors of the Institution are generally protected by privacy rights of the client or patient and are not included in any of the following statistics, nor for any timely warning notifications to the campus.

Campus and Community Notification of Criminal Activity

If there are crimes occurring on the UA Fort Smith campus that will continue to endanger or affect the campus community, Public Safety Bulletins will be published and posted on the UA Fort Smith LionsLink. The bulletins will allow members of the campus community to know what is currently happening in order to better protect them. Students and employees can also subscribe to LionsAlert, a text messaging and e-mail subscription service for notifying the UA Fort Smith community of emergency situations and campus closing announcements free of charge.

Information about the department, services provided, and related resources concerning safety and security can be obtained by contacting a University Police officer, or one may email the University Police Department with questions or information at upd@uafortsmith.edu.

Daily Crime Log

The University Police Department maintains a log of all alleged crimes and incidents reported to the University Police Department that is available for viewing, during regular business hours, upon request at the UA Fort Smith Police Department located at 425 North 51st Street in the 51st Annex Building.

Timely Warning Notices

Campus Safety Advisories:

The UAFS Police Department distributes Campus Safety Advisories in various ways dependent upon the circumstances. Once UAFS determines that an advisory will be issued, the Chief of Police is responsible for ensuring that alerts are dispatched to the UAFS campus community utilizing the most feasible method(s) possible. Typically, e-mail and/or text notices will be sent. Campus Alerts by cell phones via text messages and emails are available. The UAFS Police Department may also post Advisories on bulletin boards throughout buildings, on the radio and on the university cable channel.

In the event a serious crime occurs, the suspect remains at large and there is a potential threat to the campus community, specific messages called Timely Warning Advisories will be published.

Safety advisories are released for natural or manmade disasters which could affect any significant segment of the campus community.

Emergency Preparedness, Response and Evacuation Procedures

UAFS has long recognized the need to be prepared for critical incidents. Under the guidance of the University's Emergency Response Team, working together to ensure the University is doing all it can to prepare for, prevent, respond to, and recover from emergency situations.

In conjunction with local first responders, the University is well-prepared to respond to a full range of critical incidents.

UAFS operates under the “Incident Command System” – a system utilized by FEMA and many other emergency response organizations. Under this system, a single Incident Commander directs all UAFS resources. Although the UAFS Incident Commander may consult other individuals, it is imperative that all faculty and staff follow the decisions made by the Incident Commander.

In case of any type of emergency, individuals making the discovery should move to a safe location and then contact University Police at 479-788-7140. Individuals making the discovery may also contact 911 using a cell phone, 911 using a campus phone, pull the fire alarm or take other appropriate emergency actions. Initial civilian responders should not intervene in any crime or dangerous event.

The University Police Officer should follow standard operating procedures while contacting additional civil authorities (FSPD, Fire, etc.) as necessary. If the emergency warrants, the officer should also communicate immediately with the Incident Commander. The Incident Commander will assess the situation and direct University Police to contact and summon the necessary UAFS and other resources required to contain and control the emergency.

Campus Facilities Security and Access

Academic and Administrative Facilities: The responsibility for locking doors rests with Custodial Services. UA Fort Smith Police officers normally unlock the main entrances to buildings at the start of each business day. Procedure to Follow if Sexual Harassment or Sexual Assault Occurs

Who to Contact: If someone is the victim of sexual harassment or sexual assault, the quickest possible way to report the incident is to contact the University Police Department or the Fort Smith Police Department. If the incident occurred off campus, the UA Fort Smith Police Department will assist the victim in notifying the proper law enforcement agency. A victim may also report the incident to university officials such as their Academic Advisor, the Vice Chancellor Student Affairs, or the Office of Human Resources. A victim of sexual assault may go directly to a hospital and decide at the hospital what other agencies or resources to contact.

Preservation of Evidence: It is important a victim of sexual assault does not shower, douche, brush their teeth, or use the restroom, and that they do not wash their clothes or any bedding on which the incident may have occurred. If they do so, important evidence can be lost. Time is an important factor for the preservation of evidence so University Police and/or the Fort Smith Police Department should be contacted immediately.

Assistance in Contacting Law Enforcement: Even if the victim reports the incident to an agency that is not law enforcement, they can still report the incident, even at a later time, to the University Police Department or the law enforcement agency that has jurisdiction if the incident took place off campus. Both the victim and the accused have the option of having others present during administrative judicial hearings. These individuals are for a support capacity only and may not represent the victim or accused. Both the victim and the accused will be notified of the outcome of any administrative hearing. Campus Sex Crimes Prevention Act

If not reported, all residents will be held responsible for tampering with fire safety equipment and will be disciplined and/or fined.

Fire evacuation procedures

In the event of a fire, all residence hall buildings will be evacuated to protect the health and safety of the residents, guests and visitors. When an alarm is sounded one must assume there is an emergency and adhere to the following steps:
